For Office Use

Nomination # \_\_\_\_\_

Richard Reed 9/26/85  
Regional Supervisor Date

TB 10-8-85  
Drafted Date

Species	Date(s) Observed	Spawning	Rearing	Migration
Sockeye				
Coho	7/84		✓	

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

Sockeye were observed in the upper limits of the stream. Coho fry were also observed further upstream than noted in previous years.

Extend 10210

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
